Tax Cuts and Jobs Act of 2017 lowers overall Regulatory Rate Review request for IPL

On Friday, February 16, IPL filed an update to its Regulatory Rate Review request with the Indiana Utility Regulatory Commission (IURC) lowering the overall requested rate increase, as a result of the Tax Cuts and Jobs Act of 2017. The Tax Cuts and Jobs Act creates a unique opportunity to pass tax savings along to our customers, resulting in short-term benefits in this Regulatory Rate Review. If approved by the IURC, the typical residential customer using 1,000 kilowatt-hours per month will pay approximately \$2.50 less per month than expected, which is anticipated to become effective by the first quarter of 2019.

For more information about the Regulatory Rate Review and to use our rate calculator to see how an increase can affect your bill, visit IPLpower.com/answers.

**ILLUMINATE.
INNOVATE.
Indianapolis.**

Join us for the 2018 IPL 500 Festival Parade

IPL is proud to once again be the title sponsor of one of the premier parades in the United States. IPL has had a float in the parade every year since its inception in 1957, and we're excited to keep the tradition going. The 500 Festival's 2018 theme is "Illuminate. Innovate. Indianapolis," which couldn't be a more perfect theme to celebrate Memorial Day weekend with your friends and family.

If you can't come to downtown Indianapolis to enjoy the parade, you can watch it on television either locally on WTHR—Channel 13 or nationally on the NBC Sports Network.

Lasting Savings

April is National Safe Digging Month

As temperatures rise, and outdoor improvement projects become a priority, IPL encourages customers to put safety first. Call 811 or 800-382-5544 at least two full business days before you start digging. IPL is a member of the Indiana Underground Plant Protection Service, a free statewide service that will notify your utility companies to send representatives to the site and clearly mark the location of their underground lines and pipes. This is important to prevent both injury and property damage.

Additionally, please visit IPLpower.com to download our Right Tree Right Place brochure and look for tips to plant smart with the utilities in mind.

COLOR CODES FOR MARKING UNDERGROUND UTILITY LINES

	Electric

CELEBRATE ARBOR DAY

with **INDY FREE TREE**

LAST FRIDAY IN APRIL • MONUMENT CIRCLE

This year is the 30th anniversary of Indianapolis' membership in "Tree City USA" - a recognition of cities that meet certain standards set by the Arbor Day Foundation. On Friday, April 27, IPL and its community partners will celebrate this accomplishment at the annual IPL Indy Free Tree event hosted at One Monument Circle. IPL will be giving away 1,000 FREE Carolina Buckthorn trees, and one lucky customer will win a 1.5" diameter Shingle Oak tree.
