

# TAKE CONTROL OF YOUR ENERGY USAGE WITH POWERVIEW®

**PowerView** is an online tool that allows you to see your actual daily energy use and determine habits that cost you money. View bills over time, get no-cost and low-cost recommendations for saving energy, set up a customized energy-saving plan and see how your energy usage compares to similar households.

Using your IPL online account, simply access PowerView online at [IPLpower.com](http://IPLpower.com) and begin exploring.

**PowerView**®

## IPL introduces a new way to keep score with eScore

eScore gives you a simple path to greater comfort and savings. You'll get a free assessment of your home's current energy use, details on recommended upgrades and rebates, plus free installation of LED's and other instant energy savers.
