# For Your Business

## Prescriptive Lighting Rebates

### Switch and save with energy-efficient lighting.

Control costs and save energy with Indianapolis Power & Light Company's (IPL) Prescriptive Rebates Program. IPL helps your business find more ways to save by offering rebates that make long-term energy-saving lighting projects more affordable.

### REBATES FOR LIGHTING AND CONTROLS

#### Incandescent or CFL Replacements

- Replace with ENERGY STAR® LEDs \$1 to \$12/lamp

#### High Bay/Low Bay Lighting Replacements

- Replace high intensity discharge (HID) fixture with LED HB/LB fixtures \$90 to \$200/fixture
- Replace high intensity discharge (HID) lamps with LED retrofit kit or LED screw-in lamp \$40 to \$80/fixture
- Replace T5HO or T8 fixtures with LED HB/LB fixture \$30 to \$80/fixture

#### LEDs

- Replace 4' lamp with LED tube \$3/tube
- Replace 4' T8 or T12 lamp(s) with LED retrofit kit(s) \$12 to \$50/fixture
- Replace U-lamps or 2' linear T8 or T12 lamps with LED retrofit kit
- Replace 4' T8 or T12 lamp(s) with LED troffer(s)
- Replace U-lamps or 2' linear T8 or T12 lamps with LED troffers

#### Garage Lighting or Exterior

- Replace HID fixtures with LEDs \$50 to \$210/fixture
- Garage - Replace T8/T5HO fixtures with LED fixtures \$20 to \$60/fixture
- Exterior - Replace high intensity discharge (HID) lamps with LED retrofit kit or LED screw-in lamp \$40 to \$80/fixture

#### Lighting Controls

- Install occupancy sensors, daylighting controls or networked lighting controls \$0.10 to \$0.25/watt controlled

#### And More!

Please see the Prescriptive Lighting application for a complete list of available rebates

Please note, rebates cap at 50 percent of project cost or the maximum incentive, whichever is lower.

### TAKE THE LOAD OFF your lighting bill

#### Inside

- A single LED troffer can last 5-10 years and save \$300 to \$400 in energy costs over its lifespan.\*

#### Outside

- Converting a single 400W metal halide to an LED exterior can save \$125 in energy costs per year.\*

\*Indiana Technical Resource Manual

### CUSTOM INCENTIVES

Have a lighting project that is not a one-for-one replacement or is a technology not listed on the application? IPL can help with a Custom Incentive. Custom Incentives require program pre-approval. To start this process, call 1.888.982.7071 or visit [IPLpower.com/Ways\\_To\\_Save/Business](http://IPLpower.com/Ways_To_Save/Business) and download a pre-application.

## SEE THE LIGHT

Not sure where to start? We're here to guide you through every step and help you decide which lighting upgrades are right for your business. Here are example projects to get you started:

### Interior Projects

Office buildings across Indianapolis have saved millions of kilowatt hours by converting their 2x4 fluorescent troffers to LEDs.

A typical office lighting upgrade will receive \$50 per new troffer installed. For an office with 50 troffers, this can mean \$2,500 in rebates and up to \$1,700 in annual energy cost savings.

### Exterior Projects

Converting existing metal halide or high-pressure sodium exterior lights to LEDs will help reduce maintenance costs and energy use while also producing brighter, longer lasting light.

A typical parking lot upgrade project will receive \$130 per new LED fixture installed. For a parking lot with 25 fixtures, this can mean \$3,250 in rebates and up to \$3,125 in annual energy cost savings.

## APPLYING IS EASY

### TALK

Work with a program representative to see if you qualify. Call our Business Rebate Line at **1.888.982.7071**.

### EXPLORE

Identify which energy-efficiency lighting upgrades are available to help reduce energy and operating costs in your business. Visit [IPLpower.com/Ways\\_To\\_Save/Business](http://IPLpower.com/Ways_To_Save/Business) for a list of measures eligible for an incentive.

### COMPLETE

Install energy efficiency lighting upgrades.

### SUBMIT LIGHTING APPLICATION

Use the Online Rebate Portal at [IPLrebates.clearesult.com](http://IPLrebates.clearesult.com) to track your rebate online and get payment faster, or submit a paper application.

Submit applications within 90 days of equipment installation.

### ENJOY
